OBJECTIVE

Fourth-year Computer Science (AI & ML) undergraduate with hands-on experience in full-stack development. Skilled in building interactive web applications, AI-powered platforms, and developer tools. Eager to contribute to real-world engineering teams where I can apply my skills across the stack, take ownership of features, and grow through practical challenges.

EDUCATION

Sreyas Institute of Engineering and Technology <i>B.Tech – Computer Science Engineering (AI & ML) CGPA : 7.0</i>	2023 – 2027 Hyderabad, India
Sri Chaitanya Junior College <i>Intermediate (MPC) 66%</i>	2021 – 2023 Hyderabad, India
Narayana Group of Schools <i>Secondary School (SSC) CGPA : 10.0</i>	2019 – 2020 Hyderabad, India

PROJECTS

Dev Board – Developer Project & Task Tracker | React, Node.js, Express.js, MongoDB, JWT, Tailwind CSS | [Live Demo](#) | [Github](#)

- Built a full-stack Kanban board app with React frontend and Node.js/Express backend connected to MongoDB database.
- Implemented JWT-based authentication with bcrypt password encryption for secure user registration and login.
- Designed responsive Kanban UI with task management, priority badges, dark mode toggle, and real-time updates.

ParkMate – Smart Parking Reservation System | HTML, CSS, JavaScript | [Github](#)

- Designed and developed a smart parking reservation website to solve parking challenges at crowded venues.
- Implemented real-time parking spot finder and vehicle location tracker for a seamless user experience.

Alpha Trading – AI-Powered Smart Trading Platform | Python, AI/ML, React, REST APIs | [Live Demo](#) | [Github](#)

- Built an AI-powered financial platform that simplifies stock market interactions with portfolio tracking, real-time data, and smart recommendations.
- Leveraged AI to deliver actionable insights and improve investment decision-making, enabling seamless trading in a single integrated platform.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python, C

Web & Frameworks : React.js, Tailwind CSS, React Router

Backend: Node.js, Express.js, REST APIs

Database: MongoDB

Tools & Platforms: Git, GitHub, VS Code, Vercel ,Canva,

Spoken language : English (Proficient) , Telugu (Proficient) , Hindi (Native)

LICENSES & CERTIFICATIONS

- AWS – Solutions Architecture Job Simulation | Forage | Jan 2026
- Deloitte Australia – Technology Job Simulation | Forage | Jul 2025
- Artificial Intelligence Fundamentals | IBM | Dec 2025
- Skills Build – Customer Engagement: Communication and Personality Dynamics | IBM | Dec 2025

ACTIVITIES & ACHIEVEMENTS

- Participated in a hackathon and developed skills across different projects, gaining hands-on experience in building solutions.
- Served as team leader during a project, gaining valuable experience in team management and guiding the team to deliver effectively.
